

AMC MAXI WASH™

FOAMING AGENTS & DETERGENTS

Description

AMC MAXI WASH™ is a powerful, heavy duty, degreaser detergent which rapidly penetrates to lift and remove dirt, oil and greases. It is a very effective, economical multifunctional degreaser that performs at various dilution rates. AMC MAXI WASH™ has a mild odour, is safe to use and being non-toxic is environmentally acceptable.

Application

AMC MAXI WASH™ is suitable for cleaning drilling equipment, commercial and industrial applications and is ideal for cleaning oil from bitumen and off-road vehicles and equipment. Rigorous testing has confirmed AMC MAXI WASH™ will not harm paint surfaces or remove sheen.

Typical Physical Properties

Appearance:	Viscous green liquid
pH:	8.5 – 10.5
Specific gravity:	0.97 – 1.00

Recommended Treatment

APPLICATION	RATIO
Degreasing engines and machinery	1:1 to 1:4
Vehicle / equipment washing	1:20
Concrete floors and steel surfaces	1:40
Pressure cleaning	1:30 to 1:80

Apply the diluted solution directly to surfaces. Allow time for the degreaser detergent to penetrate (5 – 10 min). Rinse off with high pressure water.

Please Note: Several factors will dictate the most appropriate concentration rate. Please contact your nearest AMC representative for optimum results.

Advantages

- Contains no solvents
- Fast acting
- High performance
- Very economical
- Incorporates the "QUICK BREAK" function to facilitate waste disposal
- Suitable for use in hard, soft and salt water environments
- Can be used in confined spaces.
