

# AMC TRIPLE 4™

## FOAMING AGENTS & DETERGENTS

### Decription

AMC TRIPLE 4™ is a highly, concentrated inherently biodegradable phosphate free, solvent free water based multifunctional degreaser.

AMC TRIPLE 4™ is ideally suited to remove built-up heavy deposits of grease, oil, grime and dirt from machinery, concrete floors and other badly soiled surfaces. AMC TRIPLE 4™ has been designed specifically for the mining and drilling industries and has proven to be a suitable alternative to solvent based degreasers.

### Application

AMC TRIPLE 4™ can be applied neat or easily diluted back with water. Ideally suited for mining and drilling applications where background greases and oil is common. AMC TRIPLE 4™ has a rapid breaking action where low dilution rates are required.

### Typical Physical Properties

Appearance: Thin liquid, fluorescent green  
pH (10 % solution): 10.5 – 11.5

### Recommended Treatment

#### RECOMMENDED CONCENTRATION

Lightly soiling	Mix ratio at a rate of 1:40
Heavy soiling	Mix ratio at a rate of 1:10

*Please Note: Several factors will dictate the most appropriate concentration rate. Please contact your nearest AMC representative for optimum results.*

### Advantages

- Economical
- Fast acting
- Proven alternative to solvent based products
- Solvent free
- Phosphate free
- Non-Dangerous Goods, not regulated for storage or transport
- Inherently biodegradable
- Safe on all metals (including aluminium) and all good paintwork
- Effective cleaning in hard or soft water.
